INTERVIEW AGENDA

The following is a proposed agenda for the telephone conference with Examiner Jay Morrison regarding Application Serial No. 10/656,795 to be held on June 21, 2007 at 2:00 pm EST (11:00 am PST):

A.   During the telephone conference, I would like to discuss the 35 USC § 102 rejections in the Office Action mailed on February 23, 2007.

1.   Specifically, I would like to discuss the rejections of claims 23 in the Office Action based upon Publication No. 2004/0066529 by Wu et al. and the following proposed claim amendments:

receiving a document operation request, the document operation requiring one or more collection elements in a collection within of the document to be in a computer-readable memory;

identifying at least one of the one or more required collection elements for processing;

determining whether the at least one identified collection element is within a collection partition in the computer-readable memory;

identifying a subset of collection elements to be loaded in the computer-readable memory;

loading the subset of collection elements from the collection at least one identified collection element into the computer-readable memory based on a result from the act of determining, wherein the at least one identified collection element is loaded into the computer-readable memory when the at least one identified collection element is not within a collection partition in the computer-readable memory and wherein the subset is less than all of collection elements in the collection; and

executing the document operation with the subset of collection elements
